

Level Creek Elementary School Family and Business Partnership Program

Level Creek Elementary School is home to over 1,100 students. Every day our students are in an environment of professionals who care about our children's education. We take pride in the education we are providing our students, and we are excited to have many specials that are not even offered in most other schools. Like the science lab and our Spanish curriculum, our teachers are leading the way to bring new and exciting programs to our children.

Our teachers have many new and exciting ways to teach our children. But what about the instructional needs of teachers that cannot be funded by the PTA? How do we fund these special focus projects to continually enhance our student's educational experience?

We need you to help us by becoming a Friend of Level Creek or a Business Partner of Level Creek Elementary. We need your time, your talents and your financial support to bring additional opportunities into the classroom and into our specials program. Below is a "wish list" of items that would benefit teaching and learning at Level Creek.
