What would make Suwanee's parks even better?

As part of the 2011-15 Capital Improvement Plan,the City of Suwanee has allocated funding (received through the 2009 SPLOST) for enhancing existing parks. The City wants to know what you think would make Town Center Park or Sims Lake Park or any of Suwanee's other parks better.

As your children have romped through PlayTown Suwanee or as you've strolled along one of the trails, have you ever thought "This park needs a …." or "It'd be so cool if this park had a …."? Let your imagination soar – and let the City of Suwanee know what element you think would make a great addition to one of our parks.

Here's a list of Suwanee Parks to get you thinking!
Town Center Park, Suwanee Creek Park, PlayTown Suwanee, City Hall Park,
Burnette Rogers Pavilion, and Sims Lake Park
